Subject: Aberdeen Harbour Expansion Project- Receipt of Updated Documents via USB

All,

Thank you to those who have provided comments on the Construction Environmental Management Document for AHEP, we are in the progress of responding to these comments.

Can you please let myself know if you would prefer to receive the updated CEMD via CD rather than via a USB.

For ease sake, all consultees will receive a USB, however if you would prefer a CD, please respond to this email to let us know.

Kind Regards,
Nichelle Murray
