Hello,

Please see the attached document for evidence of the contact we have had with each consultee to ensure they have received the CEMD documents. As per the email I sent to Val below, I was not able to get in touch with the Whale and Dolphin Conservation Trust after numerous attempts, besides that, everyone else has been contacted.

Please let me know if you require anything else.

Kind regards
Nichelle Murray

Subject: Update on CEMD Consultee Receipt

Hi Val,

I have pulled together a list of how each consultee received the CEMD documents and the correspondence we have had with each consultee to ensure they have received the final and correct documents. Zoe and myself have had conversations with everyone except the Whale and Dolphin Conservation Trust.

Everyone has received all documents and the updated versions sent to them. I have tried numerous times to reach either Fiona or Sarah with no luck. If I hear from them, I will let you know. They both originally received the file share and were then sent the updated documents on Monday 27/02/2017 but I have not heard from either Sarah or Fiona since.

Please let me know if anything is not clear.

Kind Regards,

Nichelle Murray
