Nichelle,

Natalie McCandlish has sent you files.

Expires 27/03/17

A note from Natalie :  
Dear Susanne & Nikki

I would first like to apologise for any confusion in the receipt of the Aberdeen Harbour CEMD and associated documents that were sent out on Friday. It appears that there may have been some errors when sending out the file share. As well, it was noted to us that the files sent out on Friday may not have included Chapter 19. For your reference, the file share should include Chapters 1 through 19, Appendix 1, Table of Contents and the Environmental Plan. If for any reason it appears that one or more of these documents is not included, please let us know.

Four updates were required to the CEMD that was sent out on Friday. These are:

1. Addition of Appendix 1: Ground Gas and Groundwater Report;
2. Minor update to Chapter 1 to include a reference to the Ground Gas and Groundwater Report;
3. Update to Chapter 1, Figure 1.2 to include the correct drawing; and
4. Amendment to Chapter 3 Construction Method Statement as the appendices were missing from the version sent on Friday

All other parts of the CEMD remain unchanged from the version sent out on Friday.

I have also included a general Table of Contents document for your reference if needed.

I apologise for any inconvenience.

Kind regards

Natalie
