Ged,

 but I wanted to let you know where we are in replying to your request of a couple of weeks ago or so for an update on our late cases. I submitted to the Perm Sec last Thursday on our FOI performance, including late cases, and made the case for a change in the way we handle private office cases. I included within the submission a draft response to you on the questions you asked. If my recommendations on process are agreed we will need to amend the response to you, but either way I'd hope to be in a position to let you have a response toward the end of the week.

Best wishes

Simon
