Do the authority still use paper versions of the red book and green book for community midwifery and home health visiting?

We are supplied with copies of the 'red book' in paper format which are distributed by our midwives and left with the family for further use by the health visiting team throughout the child's infancy.

Do the authority use any electronic versions of the red book or green book? No

If so which products do they use and how much did they spend on this software in each of the last three financial years? N/A
