Dear All,

As some of you may have heard / seen, there was a mural that was graffitied on Hanbury Street last week. The link below details the graffiti.

There have been some concerns with regards to this and a few complaints from local residents.

If CCCPTMG members are aware of any possible community tensions that the mural has caused, please do let us know.

Many thanks

The mural in Hanbury Street is not on council property but we are responding to a number of complaints about it. We are working with the police in order to establish how best to proceed.

Quote from the Mayor: "I have received a number of complaints that the 'New World Order' mural on Hanbury Street has anti-Semitic images. I share these concerns. Whether intentional or otherwise the images of the bankers perpetuate anti-Semitic propaganda about conspiratorial Jewish domination of financial and political institutions. I am of the view that where freedom of expression runs the risk of inciting racial hatred, as for example when the EDL attempted to march in Tower Hamlets last year, then it is right that such expression should be curtailed. I have therefore asked my officers to do everything possible to see to it that this mural is removed"

Dear Steve

Thank you very much for the information.

Interesting to see what happens when his many licensing contraventions get before a committee

Dear Councillor Golds

Further to your email dated 28th September regarding the graffiti in Hanbury Street.

The site in Hanbury Street is not on council property but, having received a number of complaints in relation to the subject matter, we are working with the police in order to establish how best to proceed.

A letter has been sent to the owner of the property, who also commissioned the work, reinforcing the Councils "No Place for Hate" campaign message and asking for the graffiti to be removed.

The Council has also received a number of enquiries from local and national press organisations. The press release contains the following quote from the Mayor:

"I have received a number of complaints that the 'New World Order' mural on Hanbury Street has anti-Semitic images. I share these concerns. Whether intentional or otherwise the images of the bankers perpetuate anti-Semitic propaganda about conspiratorial Jewish domination of financial and political institutions. I am of the view that where freedom of expression runs the risk of inciting racial hatred, as for example when the EDL attempted to march in Tower Hamlets last year, then it is right that such expression should be curtailed. I have therefore asked my officers to do everything possible to see to it that this mural is removed"

I will of course keep you up to date with any further developments.

Thanks, Steve

I am horrified at this mural which has appeared on Hanbury Street.

It bears an awful similarity to anti semitic propaganda produced in pre-war Germany.

As well as the anti Jewish overtones, there is even the quasi Masonic (and dollar bill) aspect to encourage conspiracy theory.

What will be done about the person or persons who has produced this and when will it be removed?

The fact it has appeared over Rosh Hoshanah/Yom Kippur gives added menace

Many thanks

(Cllr) Peter Golds

Hi all

The graffiti has been painted over in black paint. However two figures have been painted in white on it. I have attached a photo for your delight etc.

Kind regards
