Subject: RE: Re-Completion Application

Dear ,

Just following up on the below – please do let me know what specific documents you might require to accompany the re-completion application so I can prepare these for you this weekend.

Kind regards

Subject: Re-Completion Application

Dear ,

We have this morning submitted our re-completion application for the Brockham X4Z well as discussed last Friday.

Please do let me know exactly what other documents you require (e.g. board letters re planning etc) and I can get these together.

Kind regards

Geoscientist

Subject: Brockham - Summary of Completion Work

Dear ,

Good to speak earlier.

As discussed I have written a short summary of what we are planning to do and provided a link below to the information plus the updated OGA competency presentation.

If you need anything else don't hesitate to give me a call.

Dear ,

I trust you received the short summary and updated OGA competency presentation as per my email below.

We are still planning to mobilise the rig to the Brockham site on Monday 8th April (a week on Monday), so please do let me know what other bits of information you might require from us to ensure there are no delays e.g. board letters etc

Kind regards

,

The HSE came back with two minor questions which our HSE consultant is replying to as we speak.

The EA have received the method statement approx. 2 weeks ago and have reviewed and not come back with any questions.

Kind regards

Dear ,

Thanks for your calls yesterday. Do you know when we might receive the official letter from yourselves confirming your consent? Our management are keen to announce the confirmation of approvals but will obviously not do so before official communication from the OGA.

Kind regards

Angus Energy Ltd
