Subject: RE: WONS Brockham X4z (LR/24-X4Z) Re-Completion Application

Hello

Thank you for your email received Friday 29 March 2019 regarding the WONS application to recomplete the Brockham X4Z well.

Angus Energy Weald Basin No3 Ltd hold an environmental permit EPR/BL9762IN/V004 for a mining waste operation and the storage and handling of crude oil. The Environment Agency is content for the OGA to issue consent for the recompletion of the Brockham X4Z well.

Kind Regards

Good Afternoon ,

The HSE has received a notification, required by the Borehole Sites and Operations Regulations 1995, detailing the activity you have enquired about and is therefore content for the OGA to give approval for this activity as long as the relevant health and safety regulatory requirements are met.

Regards

| HM Inspector of Health & Safety | Well Engineering & Operations | Energy Division 6 |

Subject: WONS Brockham X4z (LR/24-X4Z) Re-Completion Application

Hi & HSE,

We have had a WONS application from ANGUS ENERGY WEALD BASIN NO.3 LTD to recomplete the Brockham X4Z well. The objective is to isolate the interpreted water bearing zones, set a bridge plug and re-complete. If successful, the well would be suspended. No well testing will be undertaken in this proposed operation.

Top Hole National Grid Northing: 148650

CRS: OSGB NG

We have started our assessment but please do let us know when you are content for us to issue consent.

Thanks,

Geoscientist
