Subject: 16/02193/FUL - Construction of a Car Park at Connaught Court Accessed from Fulford Park

[REDACTED]

Please defer pending clarification of the following:

We are aware that the recent approved planning application ref 14/01554/FUL dealt with the upgrade and rationalisation of the staff/visitor car park, including increasing the total number of spaces from 28 to 35. In addition, there is a temporary car park close to the access in consideration for this application which is being used at the moment.

Please could the applicant please address the following questions:

- Has anything changed at Connaught Court that it now requires more car parking spaces?
- Could the applicant divulge the number of beds, maximum number of staff at any one time for the care home; so we can compare the number of parking spaces to that allowed in our maximum parking standards?
- Where do the occupiers of the existing bungalows currently park?
- How many spaces are currently provided for (a) staff (b) residents including the occupiers of the bungalows (c) visitors?
- Are the bungalows self contained?
- How many bedrooms does each one have?

- How many of these bungalows are there on site?
- How many of the bungalow occupiers are disabled or with reduced mobility – and therefore require a parking space close to their home?
- Who the temporary car park was initially provided for;
- Who uses the temporary car park at the moment;
- What is to happen to the existing temporary car park

Kind regards,
