

During January 2009, residents and businesses of the Northolt Station Area were consulted on whether controlled parking zone would benefit the area and also help reduce the parking pressure within the area.

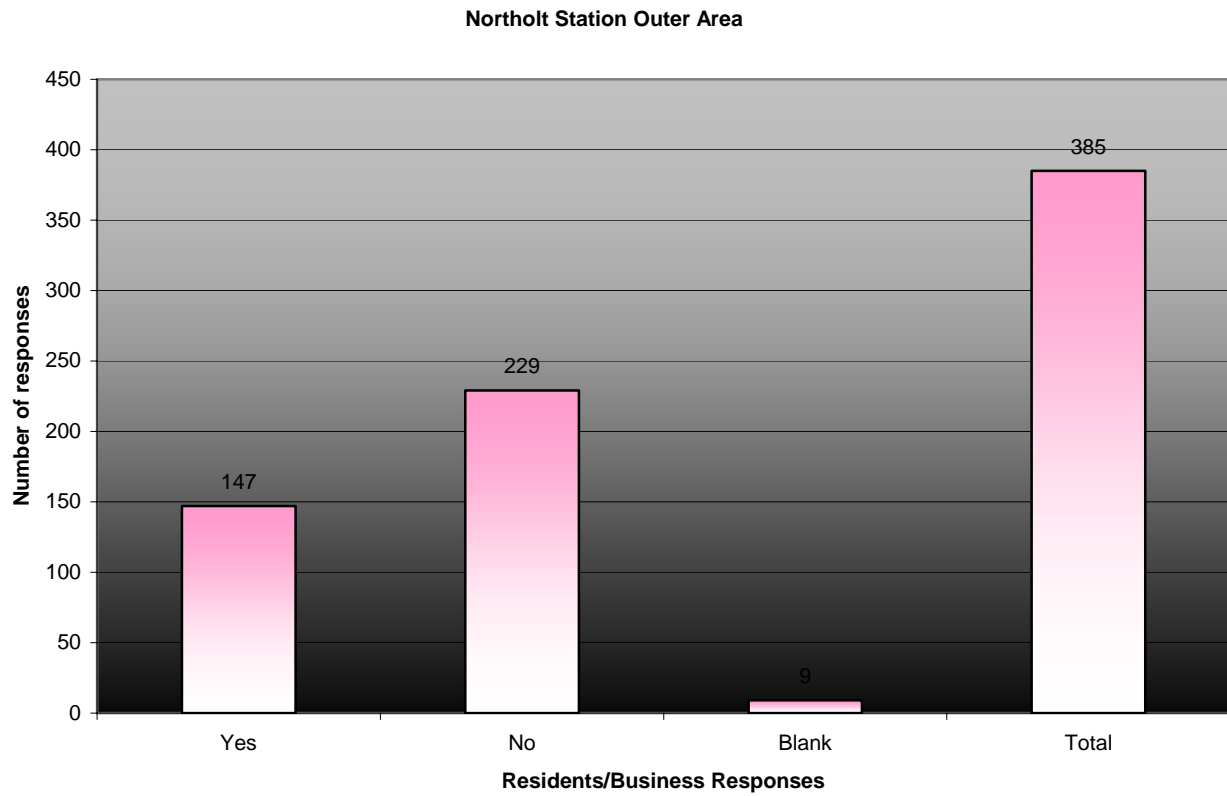

A total of 1702 addresses were consulted in the core area and 385 returned documents thus giving a response rate of 23%. A total of 1153 addresses were consulted in the inner area and 309 documents returned, thus giving a response rate 27%. Respondents had the option of completing the questionnaire online, at Ealing Council's website.

Please view the results below:
