[REDACTED]

Comments On The Proposal...

Further to my previously submitted objections and observations:

I am still awaiting to be given a date when this application is heard by the planning panel. I have previously requested that I be allowed to make representation to the planning panel over this application.

As an addendum to this application, I do have video evidence of possible habitation of badgers residing in the corner of this plot. I believe there is a badger sett at this location. I have not investigated further as there would be offences committed by searching out the sett. Even by attempting to prove or disprove its existence.

Please note that an official licence is required by the applicants to disturb this potential badger sett in order to fully establish its standing at the location.
