Comments On The Proposal...
First I question the validity of the sale of this land in the first place. The access will cause not only danger, as it has to cross two foot paths, but will cause a rat run for traffic. We already have criminals dumping cars and running through fields. Since the football stadium, running and cycle track have been built it is almost impossible to leave estate during busy periods. To add more vehicles to this problem would not seem practical or sensible in any way. I believe the residents had been refused the chance to buy it to extend gardens but were refused due to it being open space. This seems like double standards. This area has always been used in the 24 yrs i have lived in the area for children to play ,dog walkers and people to meet and put the world right. We have lost use of most the open spaces round here . This land has trees on the property full of bats and a host of other wildlife. I strongly object to the proposed planning application and proposed new open plan application
