Comments On The Proposal...

I would like to take this opportunity to totally object to this proposal. [REDACTED]

[REDACTED] and find the changes inappropriate for this area due the its position at the end of Grove st which will now be turned from a quiet dead end and now possibly a designated rat run which will impact on my life style and all in Grovewood close due to the end being only single traffic width and exiting onto Grove st which is a blind spot due to being obscured, there is no identified method of protecting Grove street at the Lindisfarne foot path crossing to ensure this does not happen long term and also during the initial build. It is now used by off-road Bikers as a short cut onto the estate now so can't imagine what this outcome would mean [REDACTED]

[REDACTED] looking for a way through due to Sat Nav directions. It would help if a raised kerb was insisted on to elevate any occurrence of traffic egress and also to protect the safety of the Childress who use this area to play in. I would also say the assessment of open space in section 5 is a farce by someone who has never set foot in the area and was originally left for us at the councils insistence as a children's play area and has been used in it's entirety for this purpose, I would ask you to please reconsider this application on our behalf.

Regards

[REDACTED]
