Comments On The Proposal...

Please enter details..Further to the landowners submitting a further planning application for the proposal of 5 3 storey houses on what is supposed to be protected green space. They have now applied to make Grove Street a permanent access road. Grove street does not accommodate two way access. It has a blind bend. I fear that there could be a serious accident. My Grand children [REDACTED] not only are you proposing to take away their rights to play on the field, but now you are also putting them in serious danger. This will no doubt also become a cut through. The land has already become a disgrace and if this goes ahead I have no doubt that the remaining land will not be maintained and will become a rat infested eyesore which is already happening.
