Comments On The Proposal...

Please enter details...

I totally disagree with the proposed development of five dwellings to be erected at the top of Grove Street / Lindisfarne Road. I have seen the reasons why this development should not be allowed to go ahead and agree with all those points.

We have already been prevented from parking our cars [REDACTED] with a yellow line and sign saying no stopping because of the bus stop, so we have to park on Grove Street [REDACTED]

Looking at the plans of the proposed dwellings I am not sure if they are to be three or four bedroom homes, but I see that each home has parking for two cars, this day and age with husband and wife working to support the financial constraints they might require a car each, young adults taking to the roads in their own cars and the proposed dwellings receiving family and friends where on earth would you expect them to park their cars? The main concern now is what will you do to Grove Street? with that you might also prevent parking on this Street because of the flow of traffic or inevitably the trouble that will be caused by the parking of those said cars. If parking restrictions should take place you would virtually make the sale of my own property unsaleable or we would have to significantly decrease it's value to sell it.

Where would you expect tradesmen to park?

We have a lovely street here every one so neighbourly and caring, why not let us keep it that way and not upset everyone with this proposal.

Yours faithfully

[REDACTED]
