Comments On The Proposal...
we have 2 work vans which are parked on the road if we follow the law and do not park them on the footpath then any large vehicles will not get through also trying to get out of grove street is hard due to the blind corner there are also a lot of people who pass my house with children and double buggies going to daisy nook nature reserve looking at the plans this will endanger mothers with children also horse riders which regularly pass our house [REDACTED] will no longer be able to do this ,and considering this is daisy nook county park and horse riders also need access this will endanger them. The footpath will not be wide enough ,also the roads will not be wide enough ,if this is opened up it will allow all the rat race to cut through and cause grid lock
