Comments On The Proposal...

Please enter details.. My objection to this revised planning application is on the final access to these proposed dwellings from Grove Street. Grove Street is a quiet 'dead-end' road with access to Grovewood Close property's , which can be quite considerable at certain times of the day. Neighbouring homes from [REDACTED] have to park on Grove Street as there is no available parking on this section of the road due to the area for a bus stop. This new proposal will give drivers a direct short cut through to Lord Sheldon Way. Many vehicles at present who follow satnavs come up Grove Street trying to access Lindisfarne Road not realising it's a dead end . The road itself is not wide enough for construction vehicles either that would be using Grove Street for some considerable time .
