Dear Mr Leigh,
Please find attached the comments we made at the last planning application for 18/00119/FUL in March 2018. We would like to draw your attention to point 8

8. Darson Homes have not included the Open Space Assessment at all. Furthermore they have not proposed how they are going to maintain the remainder of the land, public footpaths and lighting, which they purchased in the sale in July 2017. (This is the green open space where trees 13 to 31 are located.) It is vital that these areas are retained and maintained. If a comprehensive maintenance programme is not put in place, the area will become a dumping ground, derelict and a magnet for 'trouble-causers'.

When this second consultation started, the Open Space Assessment was still not available until I phoned your department and asked its whereabouts.

There can only be one of two conclusions:

FW With Ref to Planning Application 1800119FUL

1. Our comments were not read and acted upon after the 1st consultation, since no action was taken to make this document available to the public.

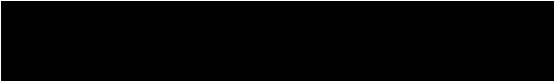

Or

2. There was a deliberate act to conceal this document, as it was again not included at the start of the second consultation.

What other possible answers are there?

We look forward to your immediate reply on such a serious matter.

Kind regards
