Hello,

Well done for steadily continuing implementing the active travel plan. And very pleased to see one LTN soon to be consulted on and several school streets in my local area! I can't wait to see them in person and experience first hand the benefits.

I see there is now a general email for School Streets, would it be perhaps an idea to have one for the LTNs too? Might ease the process of replying to what is likely to be very similar queries?

There should be more exposure to the existing support for low traffic neighbourhoods on national media over the weekend, with a joint letter signed by a hundred of organisations. Please do know that you are not alone and millions nationally do support these efforts. This is the right thing to do.

Thank you for standing for a better quality of life and a more equal environment.
