Good morning gentlemen,

As you know I have been on A/L for basically a month and I am still going through emails. I was disappointed by the above planning application which I have just received. I have just submitted a holding objection, in order to allow the applicants – West Berks to either come up with the information or withdraw it. My gut reaction was to submit an outright objection.

The application is extremely poor unless you like fencing details.

The bottom line is the stadium needs to be relocated to AN Other site as we discussed – the planning application does not address this – also we would want the application to be conjoined with the relocation and the relocation taking place first prior to the 'MUGAs'

As I have said, this is very disappointing.
