Ok [REDACTED], don't worry about the London apps as I'm sure you will make up for it next time I'm on leave, so don't worry about it.

[REDACTED] - if you see this application come through for West berks (Newbury Football Club) please could you assign it to me instead of [REDACTED],

Many thanks

[REDACTED], I am really happy for you to see this through if you want. You can pass a couple of LDN ones my way if you want in return.

Hi [REDACTED]

I've mentioned this to you before and I assume that you will deal with it? Please could you let me know and I will update the Club. This remains a favourite of mine, I wrote a blog about this early last year and it is attached which provides some background, please could you keep me updated for the PPS? Let me know if you would prefer me to respond,

Kind regards

[REDACTED]

Subject: FW: Newbury Football Ground Redevelopment Planning Application by NCFG - Press Release

[REDACTED]

Please find attached a copy of the planning application that NCFG has recently submitted for Faraday Road, Newbury.

We will of course keep you advised of progress and feedback from West Berks Council.

The Faraday Road site is now listed as an Asset of Community Value, so it will be interesting to see how WBC respond.

If you have any questions, suggestions or advice please feel free to call myself on

[REDACTED] or [REDACTED] on [REDACTED]

Best regards, on behalf of Newbury Community Football Group (NCFG)

Subject: Newbury Football Ground Redevelopment Planning Application by NCFG - Press Release

Hi all - the draft below is saved and ready to go, I'll wait until [REDACTED] get a minute to update the web site and send out - unless we want to wait another week for the application to be accepted?

[REDACTED], I have a list of email addresses for local press, but if yi have any other you cans hare, that would be great

I'm driving to Manchester in the morning, so won't be online for a bit

[REDACTED]

You may recall 2 previous news stories about the battle to save Newbury's football ground from redevelopment into flats by West Berks Council, the first was about the protected status of an Asset of Community Value that was awarded, after an application by NCFG and the 2nd was a bout a wide reaching questionnaire and survey about the current football facilities in the community

Today, I am excited to share some news about a significant milestone in our campaign, the submission of a Planning Application by NCFG for a major redevelopment of the ground into 4 all weather pitches to give full access to the whole community. The follows the results of the survey which showed that 91% of respondents were dissatisfied with the current football facilities in Newbury

Please see attached a copy of our Press Release, the survey summary and an impression of the what the facility would look like

We are great to you for you support to date in raising awareness of this community action and would value your support in raising awareness of this story

But wishes
