Clive,

I've just enquired with the foreman on site to find out what's happened. - Sorry but I believe there's been a misunderstanding, this area should have been topsoiled over but the foreman has sub-based / stoned it instead!!!

He's going to remove the stone asap and we'll arrange for it to be topsoiled over later on in the week.

Cofion,

Ian.

Ian / Nick - I am receiving some queries in respect of the attached, residents are worried this hardcore will encourage parking at this point, any reason why it was not 'grassed' same as the rest of the way?

Cofion / Regards

Clive (Clerc / Clerk).

Subject: Urgent FOOTPATH

Good morning Clive the people that do a lot of walking in the parish are not happy they notice over the weekend the new footpath there is rubble been put out side this so called turning area for the bungalow along the rest of the FOOTPATH there is soil { why } not here please can we have soil because what is going to happen there is a van going to be parked there very soon it's a invitation to park there . If there is a problem doing this i ask again for a site visit so that they can explain what is going on . If this can be done as soon as possible before they finish I enclose a photo I took this morning all the best Robin
