Andy,

I am meeting with Sue today to discuss the approach. I will send through some comments after we have spoken in terms of nature of comments not only in Southwell but for the rest of NSDC.

Kind regards

Matt

Subject: Southwell Plannig Issues

Matt

When are you coming back to us re the letter our Chief Exec sent back to your leader on southwell planning and the model.

I assume that this will come back to be raised again the next time you take anything significant in Southwell back to planning committee. I have already explained to Helen where we as LLFA are with commenting on the High Gables site and the Rainbows site

I would also like to improve on the style of any comments we are putting forward and this is delaying our response to some of planning applications outside of Southwell

Happy to discuss any issues

Andy
