Hi [REDACTED]

As discussed. We believe we can drill the well under standard rules. The only issue is the water course. But the permit boundary as indicated on the plan falls outside of the 10m. The Planning boundary however does not.

Just need EA confirmation that standard rules can be used as it meets the site criteria.

Kind Regards

[REDACTED]

Setting up pre-app meetings shouldn't take too long.

Which site is it for and I'll look into it?

Cheers

Hi [REDACTED]

Hope you are well.

I submitted a Basic Pre-App request to the EA for Egdon on 11<sup>th</sup> October. Do we know how long it is currently within the EA for these pre-app requests to be turned around. I recall you and I having a discussion on permitting determination times, but wondered if there was any timelines on the Pre-App?

Kind Regards
