Vicky

Hope that you are well?

The RFU and HRFC are happy for the project to move forward.

Thanks

Jay

Hi Jason,

the latest attached plan is as agreed between HRFC, town council and the facility management committee. Progression of this project will result in increased parking spaces (compared to that currently available) and it will also be available for the start of next season - so we are keen for this to proceed. If not approved this area of the field is not likely to get an opportunity to be otherwise improved for some time.

kind regards

Gents

Can you confirm your thoughts on this one please asap.

Cheers

Dear Stuart/Jay,

You may remember providing comments in relation to the above site. The Applicant has sought to address the concerns we raised (see our letter attached) and has amended the parking layout (see attached plan)

The Council has been late with consulting us so if you can't come back to me by the deadline, then please let me know,

Many thanks

Vicky

Dear Vicky Aston,

The original case officer for the above application is unfortunately on sick leave and I have been allocated the application in her absence. In going through the file I note that Sport England object to the application.

I did not find a record of the email below and attachments having been sent on to you to see whether the detailed parking layout attached would be sufficient to overcome the objection. Please could you review them and advise accordingly? If these details have been sent to you previously would you be able to forward your response directly to me please?

Kind regards
Lydia

Dear Jay,

I have reviewed this application again and I can see a parking arrangement shown on the attached plan. Is this what the Club wants as to resolve the matter we could ask for the parking layout shown in the plans to be completed as a condition of the planning permission? I attach a draft letter that covers this.

Let me know what you think,

Vicky
