Dear Cllr Young

I don't think we have the funding available yet, but I am chasing the answer at the moment. When the funding has been added to the capital programme we will be able to give you a programme for delivery, however the new scheme still requires land purchase so this may delay any construction works or what is finally provided.

I believe we may also need additional funding from the Local Highways Panel to cover the cost of the land purchase, but this also requires confirmation.

Regards

Rosemary Wilkins

Dear Simon

Now funding has been allocated as 106 money from the Car Park at the Uni, can you provide advice about delivery dates. Be grateful for a response monday as I have Wivenhoe Town Council Monday night.  
Julie
