Hi Rosemary,

According to the Unilateral Undertaking, which we're not party to, the contribution should be paid to CBC prior to commencement of development, which will obviously be determined by the developer.

Either CBC just pass the contribution straight onto us or we request that they do so and then it is up to Bev's team to take it from there in terms of getting the money spent.

Brad will oversee discharge of the planning conditions attached to the planning permission.

Hope this helps.

Thanks.

Martin.

Hi Martin

When will the S106 funds be available to ECC to construct the cycleway? I'm guessing they will be paid to CBC, then we request it from them, then we do a CMA to have the scheme added to the capital programme.

Would Brady Heffer be dealing with the conditions of the approval?

Thanks

Hi Rosemary,

The planning permission has been granted (20th August 2012) and so therefore it is now up to the University in terms of timescales for implementing the permission.

Please follow this link to the permission:

<http://www.planning.colchester.gov.uk/WAM/findCaseFile.do?appNumber=120151&appType=planning>

Thanks.

Martin.

Hi All

Has the funding been drawn down yet, or is there any other update I can provide to Cllr Young?

Thanks

Dear Simon

Now funding has been allocated as 106 money from the Car Park at the Uni, can you provide advice about delivery dates. Be grateful for a response Monday as I have Wivenhoe Town Council Monday night.

Julie
