xxxxxx – Thank you for your email.

The 6<sup>th</sup> September date would be acceptable – is this still available.

We are completing documents and responses to your comments following our last meeting and will get these to you shortly.

Kind Regards,

xxxxxxxxxx

**Attachments:** RE: South Wye Transport Package

Hi xxxxxxxx,

I'm conscious that it's been some time since we had a progress meeting with you on this scheme. Attached is my comments on various modelling reports. I don't think I have received your response to my comments. I have yet seen a copy of the Traffic Forecasting Report (TFR) and Economic Appraisal Report (EAR). Could you please forward these reports to me?

DfT will publish Road Traffic Forecasts very soon. This publication updates previous forecasts published in 2015 (RTF15), setting out forecasts of traffic, congestion and emissions to 2050. It would be necessary to produce updated traffic forecasts with/without the scheme in line with latest versions of NTEM and RTF.

I suggest we meet up to discuss the scheme and review progress so far (e.g. TFR and EAR) and next steps. I understand the Public Inquiry starts on 30 October so it would be helpful to know what your availability is like and when you think a meeting would be most useful.

I can offer the following dates for a meeting in Great Minster House.

Monday 20 August	10:00-11:30 or 14:00-15:30
Thursday 30 August	10:00-11:30 or 11:30-13:00 or 13:30-15:00
Thursday 6 September	13:30-15:00
Monday 10 September	10:00-11:30 or 11:30-13:00 or 13:00-14:30
Wednesday 26 September	10:00-11:30 or 11:30-13:00 or 15:00-16:30

Regards,

xxxxxx
