Dear Chris

Proposed Surface Coal Mining Scheme on Land West of the A61, Hill Top Farm, Near Clay Cross

Thank you for your letter dated 24 January 2012 which attached a description of the proposed development at Hilltop Farm including various drawings. You also attached with your letter a cheque for £600 which was sent to cover the charges for the County Council's pre-application service. I apologise for any misunderstanding and inconvenience but I have been advised that we can only start to charge for our pre-application advice once we have formally launched this Service which we anticipate at the beginning of March. I will return to you, your client's cheque

We will continue to consider your clients proposal and will share your information with others at the County Council. Once we have received comments I will arrange a meeting with you and invite our technical experts as necessary to advise you on your case (This will include a site visit if deemed necessary).

I have provisionally booked for your client to present to Members of the Regulatory Planning Committee on 19 March 2012. I will write to you again to confirm details.

We would prefer the screening / scoping request electronically. Please can you send details to xxxxxxxxxxxxxxxx@xxxxxxxxxx.xxx.xx

Please let me know if you would like to discuss further

With regards

David
