Morning Denis

Please see email below, I've filed a copy in your post folder.

Thanks  
Karen

Dear Sir,

I rang your direct line and left a message earlier today but have not had a response so far.

I requested a copy of the Scoping Opinion you have recently prepared for Provectus Remediation Limited for their proposed open cast mining development at Hilltop Farm, Clay Cross. I would be grateful if you could either send me an electronic copy of the document or a link to it.

Also, can you confirm that the 'Derby and Derbyshire Minerals Local Plan, Adopted Edition April 2000', which is available on Derbyshire County Council's web site, will form the basis for any mineral extraction planning application determination at the current time. If this is not the case could you provide me with the relevant policy.

Thank you,

John [Redacted] *Reg 12[3] &...*
