Subject: Bath Package Project Board - update

Dear All

As you may know there is an Inception Meeting with the DfT on the 23rd of this month following which a report will be written and circulated to all board members.

From January next year we want to schedule regular meetings with board members as we work towards Conditional Approval. Please find below a couple of suggested dates for each month from January to June. Could you please indicate which would be best for you so that I can make arrangements.

March	5 th
