

Appendix One

Review Team Details.

Austin Hogger

Austin is an experienced public sector Property Director, with a number of successful central and local government appointments over the last 25 years. In 2004 he completed a five year contract leading the Property Group at Kent County Council and he is retained by Kent CC as a consultant. He is an MBA and a Chartered Surveyor and has undertaken a number of Gateway Reviews for 4ps in a range of service areas. He has also recently received accreditation by OGC to undertake Gateway Reviews for Government projects as a High Risk Review Team Leader.

Andrew Callender

Andrew is an independent consultant with extensive experience of providing project management and procurement support to public sector organisations. He is a Fellow of the Institute of Civil Engineers. His experience includes a secondment to the Office of the Deputy Prime Minister (now DCLG), where he led the transportation & environment project strand of the Strategic Partnering Task force as well as providing support to the North West Centre of Excellence. He has extensive experience of the delivery of major transportation projects including establishing the Edinburgh tram project and project managing it through parliamentary approval.

Ivor Sheehan

Ivor Sheehan, Acting Group Manager, Barking & Dagenham
Ivor currently manages the Capital Programme Management Office at the London Borough of Barking & Dagenham. His background is Civil Engineering with an MBA majoring in Marketing and Operational Research. Ivor worked for the last 40 years both in the UK and overseas mainly in the Construction Industry, both in the Public and Private sectors.

Martin Fox

Martin is a 4ps Associate consultant specialising in the procurement, financing and project management of large complex projects in the public and private sectors. He has worked on many PFI/PPP projects since 1994 across all sectors including education, health, waste, transport, regeneration, libraries and joint service centres. Martin is a PRINCE 2 practitioner and has been involved in projects through all stages of the project lifecycle with a focus on project finance, project management, risk management, business case development, and the ongoing financial monitoring of projects.
