Additional Information

We currently rotate trams through a planned maintenance regime to undertake service exams and modifications and keep 22 available for passenger service at any time. As we have 27 Trams the 5 remaining are also classified as "Trams in Conservation".

We have no vehicles permanently withdrawn from traffic or awaiting repairs. For your information Tram 255 is being utilised in a testing capacity within our Depot also hence longer period of time noted for out of service.

The "Rotation" system we operate allows us to assist with mileage management as we spread the operational mileage where possible across our tram fleet.

I hope I have managed to provide you with enough background information, that is satisfactory to your requirements.
