

**Freedom of Information Request 592/19****Response Date: 5th June 2019**

Request data showing the number of road accidents that involved cyclists in South Wales. If possible, I'd like to see the number of road accidents involving cyclists for the past five years, but I understand this might not be possible so data for 2018 will be also very much appreciated.

RESPONSE

The data has been extracted utilising the Road Traffic Collision (RTC) Statistics Reports which are completed by officers when an RTC has resulted in an injury to one of the parties involved. The table below shows a breakdown per year of the number of RTCs involving one or more pedal cycles that have been recorded using the RTC Stats Report for the years 2014, 2015, 2016, 2017 and 2018.

Reported Year	Total
2014	252
2015	231
2016	245
2017	225
2018	173
Grand Total	1126

THIS INFORMATION HAS BEEN PROVIDED IN RESPONSE TO A REQUEST UNDER THE FREEDOM OF INFORMATION ACT 2000, AND IS CORRECT AS AT THE DATE ORIGINALLY PROVIDED.
