Dear Simon Zhu

Freedom of Information request: FOI2024/00292

Thank you for your email of 30 April 2024 requesting information about the previous institutions of Chinese students on Masters programmes.

The University of Edinburgh is a global university, rooted in Scotland. We are internationally recognised for our research, development and innovation and we have provided world-class teaching to our students for more than 430 years. We are the largest university in Scotland and in 2022/23 our annual revenue was £1.4 billion, of which £340 million was research income. We have just under 50,000 students and over 15,000 staff. We are a founding member of the UK's Russell Group of leading research universities and a member of the League of European Research Universities.

The University is committed to creating and maintaining a diverse community of students and staff, thereby enriching the learning, working and social experience for all, and demonstrating our commitment to social justice. We are one of the world's leading universities, and our community of students and staff is one of the most international in the UK. In 2022/23, 46 percent of our academic staff and 58 percent of our student entrants were from outside the UK.

Previous institutions of Chinese offer holders for postgraduate Masters programmes

You asked for information about Chinese students that received offers, including conditional offers, for Masters programmes for the 'upcoming' academic year 2023/24. Specifically, you asked for a list of the previous institutions attended by the offer holders and the total number of offer holders from each of the previous institutions. Finally, you asked for this information to be provided in an Excel file.

As you have asked for the 'upcoming' academic year, but have named the current academic year in your request, I have interpreted this request to be for information about

the previous educational institution of offer holders for postgraduate Masters programmes for both academic years 2023/24 and 2024/25.

Please note, information the University holds on previous institutions may not be complete and accurate. The 'previous institution' field on the postgraduate application is optional and free text, therefore applicants may use different spellings for the same institution, or not include their previous institution at all. Applicants may also list the same institution multiple times or list all of their previous institutions, including high schools, or universities where they completed a summer course. Therefore, it is important to note that even if an institution is listed, it does not necessarily mean that an offer was made based on the qualification obtained from this institution.

I have provided the previous institutions of Chinese offer holders for postgraduate Masters programmes for 2023/24 in Table 1: Previous institutions of Chinese offer holders for postgraduate Masters programmes, 2023/24 of the enclosure entitled Enclosure_FOI202400292.

You will see that I have not provided the exact number of offer holders where the number is fewer than five. This is because disclosing these low numbers could enable individuals to be identified. This would breach the data protection principles set out in data protection legislation. The Freedom of Information (Scotland) Act 2002 (FOISA) does not require us to provide this sort of information as it is exempt under section 38(1)(b).

Please note it does not matter who makes the request under FOISA, if we disclose information to one person we are expected to disclose it to all. While you may not be able to identify individuals from the information you have requested, others may be able to do so.

Current postgraduate admissions cycle data

The University holds information for the current admissions cycle for the upcoming academic year 2024/25. However, I cannot supply you with it. This is because its disclosure would be likely to prejudice substantially the University's commercial interests. The Freedom of Information (Scotland) Act 2002 does not require us to provide this sort of information as it is exempt under section 33(1)(b).

This exemption is subject to the public interest test. The University acknowledges the public interest in openness and transparency, particularly in relation to its admissions processes. However, the University operates in a competitive environment and the public interest is also served by enabling higher education institutions to withhold information that could damage their ability to compete fairly with one another. The admissions cycle was not complete on the date of your request. If the University disclosed now this level of detailed admissions data, it could be used by other institutions to alter their recruitment behaviour in ways that would influence the outcome of the current admissions cycle. Therefore, in this case, the University considers the public interest in withholding this information outweighs the public interest in disclosure.

We will be able to supply you with the data you request for the current admissions cycle when it ends in late October. Please contact us then if you still require this information.

Right to review

If you are dissatisfied with this response, you may ask the University to conduct a review of this decision by contacting the University's Information Compliance Services in writing (e.g., by letter or email) or in some other recorded form (e.g., audio or video tape). You should describe the original request, explain your grounds for dissatisfaction, and include an address for correspondence. You have 40 working days from receipt of this letter to submit a review request. The contact details for Information Compliance Services are at the top of this letter. When the review process has been completed, if you are still dissatisfied, you may use the [Scottish Information Commissioner's guidance on making an appeal](#) to make an appeal to the Commissioner. If you do not have access to the Internet, please let me know and I will provide a copy of the relevant web pages.

Privacy notice for information request applicants

[The University of Edinburgh's request privacy notice](#), which describes how we use the information you have supplied about yourself and your request, is published on the University website.

Yours sincerely

Abby Cull

Information Compliance Services
