Dear ,

### PEDL137 and PEDL246 – Retention Area Work Programmes

Further to our recent meeting, please find below the discussed Retention Area (RA) work programmes for your written consent.

The programme below represents a phased appraisal programme for both the Horse Hill Portland and the Kimmeridge limestone discoveries, and reflects the planning application submitted to Surrey County Council (SCC) in October 2016.

Please note that the proposed timings utilise the anniversary date of each licence.

#### PEDL137 RA (licence anniversary 30<sup>th</sup> September):

1. By end 2016, submit appraisal Planning Application to SCC - COMPLETED
2. By 30 September 2017, commence extended flow testing of the Horse Hill -1 (HH-1) well.
3. By 30 September 2018, drill a Portland appraisal well (HH-2).
4. By 30 September 2019, drill a HH-1 Kimmeridge appraisal sidetrack (HH-1z).
5. By 30 September 2021, acquire 40 km<sup>2</sup> of 3D seismic.

#### PEDL246 RA (licence anniversary 30th June):

1. By 30 June 2020, purchase 15 km of UKOGL 2D seismic and acquire 25 km of new 2D seismic.
2. By 30 June 2021, acquire 10 km<sup>2</sup> of 3D seismic. This survey to form part of the larger PEDL137 3D survey as per item 5 above.
3. By 30 June 2021, drill a well to test the Kimmeridge limestones in the licence.

Yours Sincerely

Stephen Sanderson ✓  
Chairman
