Dear Jian,

**Request for information under the Freedom of Information Act 2000 (“the Act”)**

Further to your recent request for information held by King’s College London, I am writing to confirm that some of the requested information is held by the university.

**Your request**

We received your information request and have treated it as a request for information made under section 1(1) of the Act.

You requested the following information:

Could you please provide the statistics of degree classification of students enrolled in MSc Robotics and MSc telecommunication for past 3 years?  
Please provided the number and percentage of first and second degree, etc.

**Our response**

	2018/9	2019/0
<b>Master of Science in Robotics</b>		
Certificate (Postgraduate)	20%	
Pass	10%	
Pass with Distinction	10%	
Master of Science	80%	100%
Pass with Distinction	60%	50%
Pass with Merit	20%	50%
<b>Master of Science in Telecommunications and Internet Technology</b>		
Certificate (Postgraduate)		3.6%
Pass		3.6%
Diploma (Postgraduate)	8.7%	3.6%

	Pass with Distinction	4.3%	
	Pass with Merit	4.3%	3.6%
<b>Master of Science</b>		<b>91.3%</b>	<b>92.9%</b>
	Pass	13.0%	32.1%
	Pass with Distinction	30.4%	32.1%
	Pass with Merit	47.8%	28.6%

We were not able to find any students doing MSc in Telecommunication programme. The closest match is the Master of Science in Telecommunications and Internet Technology, hence provided data for this course.

- Master degree classification is different from the UG programmes and is not classified as first, second, etc. The percentage has been provided for the degree classification of PG courses, such as MSc Pass, MSc Pass with Distinction, MSc Pass with Merit, PG Dip and PG Cert.

- The data include students who graduated, although have not achieved the full degree, but were awarded either Postgraduate Certificate or Postgraduate Diploma.

This completes the university's response to your information request.
