

Derby City Council – Freedom of Information Response

Number 10449

Date: 18/09/2017

Please could you provide me with a full breakdown of the spend for the last financial year 2016/2017 of all temporary/supply staff in schools throughout Derby City.

Could you put this data onto three spreadsheets:

One for Primary schools

One for Secondary Schools

One for SEN Schools

If possible could you break this down to show the individual supplier each school has used to obtain these services and the total that each school has spent with each supplier daily, weekly and monthly.

Please see the attached spreadsheet showing breakdown of expenditure for Supply and Agency staff in Derby City schools.

FOI 10449 – Response - xls

Please note this excludes Academy & Free Schools.

We hold limited information for schools who operate their own finance system.

We do not hold the level of detail to show daily & weekly breakdowns.
