

Request:

Please could you confirm the amount spent by your local authority on desktop computers and laptops during financial year 2015/2016. Please specify the make and model and specification of each new desktop computer and laptop as well as the price paid for each unit and when it was purchased by your authority. If you have purchased any large single volumes of over 200 units at a time can you advise if a more cost effective solution which would of saved the authority money was offered by any other vendor and the reasons why they were not selected given the financial obligations the local authority has to the state.

Response:

The total value spent on desktops and laptops during Financial year 2015/16 was £178,681.78

Provision of Desktops and Laptops has been tendered (Q4 2015).
