Dear Sascha Katarina,

**Re: Information Request - Marble Hill House and gardens**

I am writing in connection with your recent request for information concerning the current proposals for Marble Hill House and gardens.

While I can confirm that Historic England holds information that falls within the scope of your request it has unfortunately become apparent that we will not be able to provide you with a response by the current deadline.

Your request is being considered under the Environmental Information Regulations 2004 ('the EIR'). Regulation 7(1) of the EIR allows organisations to extend the deadline for replying to complex/voluminous requests by an additional 20 working days. We are currently in the process of considering the information held by Historic England which is relevant to your request and, owing to the complexity of the case, estimate that we need to extend the deadline by an additional 20 working days.

I am sorry for any inconvenience that this may cause you. We will, of course, provide you with a response as soon as we are able to do so.

Yours sincerely,

Jennifer Pearson
