Hi Alex,
In the end we didn't have any direct correspondence with the Council. The pre-application meeting note was intended to be submitted directly but required revision in the lead up to the application following further investigation into the height of the stable wall and was submitted with the Planning Statement which is reattached for reference.

Regards,

Nick

Importance: High

Hi All

This is the last thing you need on top of everything else, but EH are now dealing with an FOI request from a member of the public requesting details of all correspondence between EH and the Council.

Amongst other things, we need to provide electronic copies of all correspondence between EH and the LB Richmond. Our starting point is the submission of the pre-

application advice.

I had hoped to keep you out of this and just restrict the information we provide to direct communication between EH officers and LB Richmond Officers, but we have taken advice on this and been advised that as you are all acting for us directly and are representing EH in terms of your dealings with the council, these are also covered under the request.

As a result, could you please arrange to supply Fran Gibbons (copied in on this e-mail) with all correspondence you have with the council. She doesn't need anything arranging meetings etc – it is basically material discussions – where you have sent information or requested information. Please cc me in on your response.

I'm assuming that most of this communication will have been through J&L Gibbons as the agent and lead consultant, but Josh, I think you did have some direct communication with Mortimer, and there may be other things I'm not aware of.

Nick, I'm assuming your correspondence will be limited to your formal letters – we probably have these but for completeness could you send us what you have sent.

Finally, could you all advise Fran and me of a likely date when you'll be able to get this to me please?

Thanks

Alex
