Subject: Information Request concerning Marble Hill House and Gardens

Michael,

As you know we have received an information request concerning the proposed developments at Marble Hill House and Gardens. I have been discussing this case with Alex Sydney, who has been super helpful. Can I now ask for your opinion on the release of some documents? The questions are in red below. I am looking to do a partial response for this case. I will then be looking to provide the copies of correspondence that have been requested under separate cover (the request has been extended, so hoping to send a partial response covering the majority of questions raised and then look into the correspondence separately).

- Copies of management accounts for Marble Hill House and grounds for the last three financial years available

Please find attached an Excel Spread sheet. The relevant part would be the DATA tab. I have had a conversation with Alex about the release of this information. He is reasonably happy for it to be released. Can I have your view please?

- A copy of the financial operating budget for Marble Hill House and grounds once the proposed development has been completed

Please find attached a Word Document with the relevant tables. Alex is happy for Tables 7.9 and 7.10 to be released. Can you please tell me what your thoughts are on the release of these tables and also the other tables?

- Details of amounts received by English Heritage in respect of the House Festival hosted at Marble Hill House

2014 - £75,440.05
2015 - £76,000
2016 - £75,535

I see no issue in releasing this information.

- Copies of correspondence with Richmond upon Thames Council on the subject of the proposals

I will be responding to this part at a later date as the deadline has been extended.

- Copies of correspondence with Historic England on the subject of the proposals

I will be responding to this part of the request at a later date as the request has been extended.

- The ten different design options for the Stables Cafe referred to in paragraph 6.15 of the planning statement

I have these and Alex is happy for them to be sent.

- Minutes of the meeting with Historic England on 7 February 2017 and copies of the documents considered at that meeting

No minutes taken

- Minutes of the meetings with Richmond Council on 10 October 2016 and 6 March 2017 and copies of the documents considered at those meetings

No minutes taken

If you could let me know your thoughts on the above as soon as possible it would be appreciated. I can then put a response together and also have a discussion with Richmond Council too.

Happy to discuss

Kind regards

Fran
