Dear Miss Ogilby

Request for information – internal review 1101-16

I write further to your request for a review of the Council's response to your freedom of information request which you made on 3 January 2017.

Your original request was as follows:

"what is available in the north of the County?"

This subsequent request was submitted following the response to your initial request dated 2 December 2016 requesting information on the Diabetes care pathway that every authority should produce.

I am the Officer appointed to review this matter and have now had the opportunity to review the response given by Derbyshire County Council.

I note that the subsequent request received on 3 January 2017 was not acknowledged as a new request under the Freedom of Information Act. A response has now been sent on 1 February 2017 and this has been dealt with outside the remit of the legislation. You have now been provided with a full and detailed response. You have been advised that in relation to North Derbyshire the pathways currently being refreshed and if you require the information at present you should make a request to NHS North Derbyshire CCG.

I hope that this satisfies your request for a review.

If you wish to challenge the decision further then you have a right to contact the Information Commissioner's Office as follows:

Fax: 01629 538326
