Dear Mr Osborn,

I am writing following my email to you of 20 September. Several documents relevant to your request were found and due to the number of items within the scope of your request, Departmental officials consider that the most efficient way to share them is by using the Egress website: Egress Secure File Sharing & Collaboration | Products.

In order to enable this we would be grateful if you could provide the Department with a personal email address where you can receive the access details. You can do this by writing to xxxxxxxxxxxxxxxxxxxx@xxxx.xxx.xx

Please quote the reference : ICO-1522236. The ICO will be sent a copy of this email.

Thank you.

Yours sincerely,

Alan Addison

Department of Health & Social Care
