Dear Paul Beswick,

Re: Request for Information – Freedom of Information Act 2000

I wish to confirm that the Core Services Directorate has now completed its search for the information which you requested by e-mail on 12/03/2021.

Your questions and my findings are below:-

Please can you tell me what current/live contracts exist for the provision of drainage and/or drainage related services.

This could include the clearing, cleaning, investigation (CCTV), repairing and installation of drainage systems (to include septic tanks and gullies) within, highways, social housing stock and other council owned properties.

Please include both framework and direct contract arrangements.

The details I require are:

- **Suppliers who applied for inclusion on each framework / contract and were successful & not successful at the PQQ & ITT stages**
- **Actual spend on each contract / framework (and any sub lots), from the start of the contract to the current date**
- **Start date & duration of each framework /contract**
- **Is there an extension clause in each of the framework /contract and, if so, the duration of the extension?**
- **Has a decision been made yet on whether each framework /contract are being either extended or renewed?**
- **Who is the senior officer (outside of procurement) responsible for each contract / framework?**

The information you have requested is exempt under Section 21 of the Freedom of Information Act 2000 as it is reasonably accessible to you by other means.

Please follow the link to access the information published on the Barnsley Council website:

The contracts register which will show contracts over the value of £5000 and is published via <https://www.yortender.co.uk> The contracts register can be exported via Excel.

You can also look at the expenditure data published on the Council website which shows any spend over £500 here:
