Dear Mr Sarpong,

Enquiry Ref: 12274/2020

I write in relation to your FOI request in relation to Drink Driving Statistics, could you please provide a timescale for the request i.e. do you request 1 years data or a wide range. Your should be aware that the larger the timescale the more possibility there is that extraction of data could take in excess of the appropriate time stipulated by the Secretary for Constitutional Affairs, Lord Falconer on the 18th Of October 2004, that is, eighteen hours.

We will not progress your request further until we receive a response to this e-mail.

Yours sincerely

Ms E McGuigan

Subject: Freedom of Information request - Drink Driving Stats

Dear Cleveland Police,

I am making this request under the Freedom of Information Act 2000. I am attempting to confirm which postcodes suffer from the plight of drink driving the most.
My questions are as follows
1. How many casualties were a result of drink driving by year & postcode within the constabulary?
2. How many arrests were a result of drink driving by year & postcode within the constabulary?
3. How many breath test failures by drivers by year & postcode within the constabulary?
4. How many drivers recived a driver conviction within the constabulary by year & postcode?

Yours faithfully,

Daniel Sarpong
