3. Bernie Bluhm (BB) set out that most requests received through the digital mutual aid system (DMAS) to date had been picked up by the independent sector, which represented better utilisation of the independent sector for long waiters.

4. [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

**Action:** DHSC to incorporate comments into report

5. On operational planning, the Taskforce requested more local planning was undertaken to deliver on the actions and achieve cultural change. [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

6. The Taskforce advised that inequalities could arise from the choice agenda, as patients could experience different availabilities of choice and may encounter different barriers to effectively utilising it. [REDACTED]  
[REDACTED]

7. [REDACTED]

**Item 4: Update on the plans for publication**

13. [REDACTED] updated on communications regarding the Taskforce plan.

• [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

- amplify that patient choice is not a new initiative but needs re-promoting following the pandemic,
- make efforts to promote choice to groups who have not actively exerted choice where they could have, for example by producing infographics on how choice should work, and
- target primary care professionals and ensure that there are examples of how they can enable choice.

**Action:** Secretariat to share updated communications plan with Taskforce appointees once announcement slot has been secured.

14. WQ confirmed that an embargoed copy of the report would be shared with ahead of publication. The priority of the department would then shift to delivering on the recommendations.

15. The Chair thanked appointees for their commitment and closed the meeting.
