[REDACTED]

I have just had a discussion with [REDACTED] with regards to the issues created by Liddell's in the first place, and to satisfy the immediate needs of the school as well as going **forward we can confirm acceptance to award to Milligans (Option 3).**

I would be grateful if you can arrange notification to both contractors of the decisions and **implement with immediate effect to commence from tomorrow Tuesday 20 October 2020.**

Many Thanks

[REDACTED]

I have attached prices submitted for both Netherthird PS and [REDACTED].

I have just spoken to [REDACTED] who advised that he is in a position to provide the 2x60, 2x48, 1x31. However he noted that their preferred option was to provide 2x49, 2x53, 1x42 which would have allowed the movement of pupils from the 2x60 seats, he also noted that the coaches are bigger in size to allow for social distance.

Based on this information can you confirm how the council would like to proceed?
