Dyddiad/Date: 9th June 2014

Dear Mr Roberts

YOUR REQUEST FOR INFORMATION

Thank you for your recent request for information. Your request was:

In Flintshire there are a number of incinerators burning waste material. Given the potential health risks, what checks have been undertaken to ensure the emissions from these are within safe limits? What monitoring takes place in relation to the emission of small particles? What were the findings of monitoring done by National Resources Wales to date? This is for the period 1 April 2010 to 31 March 2014.

This request has been allocated Access to Information Request Number ATI-04622a. Natural Resources Wales will respond to your request for information in line with the Environmental Information Regulations (EIR) 2004.

We will respond to your request as soon as possible and no later than 20 working days from when we received your request. We will contact you as soon as possible should we need to clarify your request. Any information that takes less than 2 ½ days to compile will be free. If it takes longer than this we will consult you before taking further action.

If you have any further queries or concerns please contact us on the details above. I would be grateful if you would use the ATI Request number in all future correspondence.

We will be retaining your personal details along with your request in a database for the purpose of recording progress and monitoring our performance. If you wish to inspect the personal information we hold about you, please write to the Access to Information Officer at the address below. An administration fee will be charged.

Yours sincerely

**Donna Muirhead
