

## FOI request - Reference: FOI-411714729

Title: ENCTS concession bus passes reimbursement for bus operators

### Your request:

Can you please tell me how much money you reimburse bus operators for acceptance of ENCTS passes? What do they get paid? Also how is it worked out? Is it just a set amount per journey regardless of length? Is it a percentage of the Single fare or Return fare or average cost of fares on the route? If so what percentage? Is it the same amount for all given to all bus operators? Are the reimbursement rates for the OAP version and Disabled version the same? Also what is the policy for cross border routes that start in your area and finish in another council or start in another council and finish in your area and how is reimbursement dealt with for such journeys that cross a border? Finally can you advise the total amount of money you have given to each bus operator in ENCTS reimbursements that runs in your council area within each year for the past five years (so i require all of the periods of 01/01/2017-31/12/2017 and 01/01/2018-31/12/2018 and 01/01/2019-31/12/2019 and 01/01/2020-31/12/2020 and 01/01/2021-31/12/2021 are the five periods i need) and the list must show the total amount of reimbursement money for each year broken down in to how much has been given to each bus operator that runs in your council area?
